MISSION

Our mission is to design, manufacture and deliver a wide range of packaging products that meets our customer's expectation and requirements. Heramb always believes in keeping the customers satisfied & proving them with the complete packaging needs with excellent quality, service & competent price.

VISION

Our vision is to lead as an complete packaging solution provider to our customers with consistently meeting the expectations of product quality, on Time delivery and cost.

OUR CORE VALUES

EXCELLENCE

Delivering what we commit and exceeding the expectations

INNOVATION

We always work on new ideas and develop them to support our customers

COLLABORATION

Respect everyone and work together for the common goal

INTEGRITY

Exhibit honesty & integrity at all times

DETERMINATION

Committed to give our best in everything we do

Plywood Box

We manufacture qualitative array of packaging boxes in customized sizes using high quality raw material. Boxes manufactured using high quality packaging plywood, pinewood & rubber wood based on the application.

Pallets

We are widely acclaimed for our experience in designing and manufacturing all kinds of pallets according to the Customer need. We build pallets from selected high grade plywood & pine wood for good strength & durability confirming to the international standards, this will provide maximum safety for your product during transit and storage.

Wooden Crate

We design & manufacture wide range of domestic wooden packaging products like pallets, crates & boxes.

We use raw materials like jungle wood, rubber wood, pine wood based on the application.

Corrugated box

We are involved in the area of providing Plain Corrugated Box, Printed Corrugated Box and Corrugated Roll. In its manufacturing process we assure that only top quality material is used by our professionals along with modern machineries. Beside this, we check these on a variety of grounds before finally shipping them at the destination of our customers.

Palletized Corrugated Container

We provide the customized innovative packaging solutions for international shipments meeting all the required standards. These containers are designed for packaging heavy or light products which can be transported via Road, Rail, Air & Sea.

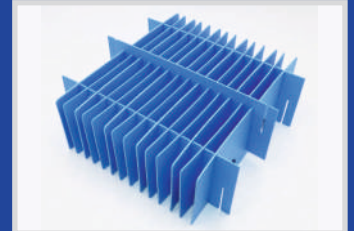

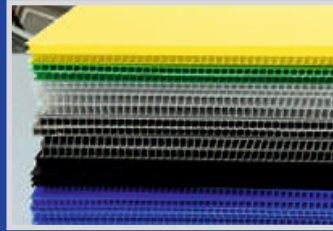

Features:

- ◇ Internationally proven packaging method
- ◇ Recyclable
- ◇ Stackable
- ◇ High Safety

Polypropylene Sheets

Our Polypropylene (PP) sheets are quality assured as designed by making use of industrial optimum grade Polypropylene material. Further, effectively used in food processing, packaging, luggage industries and also in advertising. Our comprehensive collection is praised among the existing users. Additionally, all our Polypropylene Sheets are available in a variety of thickness, shapes and sizes.

- Features:** ♦ Moisture resistance ♦ Abrasion resistant
 ♦ Electrical resistance ♦ Light weight, easy to handle
- Benefits:** ♦ Aesthetic look ♦ Excellent thermal insulation
 ♦ 100% recyclable ♦ Excellent compressive and impact strength

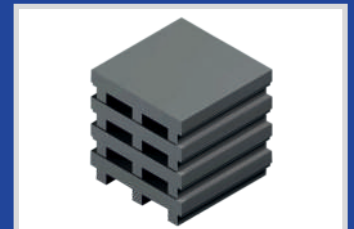

Polypropylene Boxes

We are engaged in manufacturing exclusive range of polypropylene boxes and pallets using high quality raw material and latest production technology. These products are widely find its valuable application in various industries. These products are preferred for their high strength, re-usability, easy to handle & higher shelf life

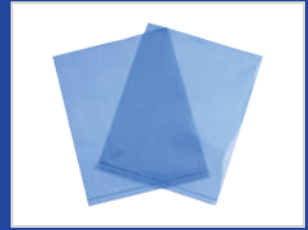

Palletized Returnable Container

PRC are foldable large load carriers / pallet boxes produced using premium quality polypropylene sheets which meet all the requirements of modern supplier and plant-to-plant logistics. They are extremely stable and yet relatively light, can be easily filled and unloaded and can be folded to reduce the volume for the return of empties and storage which saves space and costs.

VCI (Volatile Corrosion Inhibitor)

We offer excellent quality VCI bags for our clients at industry leading prices. Volatile Corrosion Inhibitor paper or film is coated with chemicals that form a protective molecular layer on the surface of the metal. This protective layer insulates sensitive parts against moisture, salt, dirt, oxygen and other corrosion-causing substances. VCI products can be provided as per the customer application and specification.

HDPE and LDPE Bags

We offer variety of HDPE & LDPE Bags in different sizes and thickness as per customer requirements, the offered products are manufactured with superior raw material procured from the leading vendors.

Stretch Films

LDPE BAGS

LDPE ROLL
